Pamela Jeanne Jewellery

PROJECT:

**Hero Copy used for
Brochure, Website & Facebook**

The Pamela Jeanne concept blossomed from a love of quality costume jewellery, and an ever-growing passion to make a mark on the Australian accessory design landscape.

Our pieces are synonymous with individuality, femininity and effortless style. Each one is on-trend yet timeless, with a charming vintage-inspired aesthetic epitomizing true beauty.

With a blend of delicate, understated treasures and bold statement pieces, Pamela Jeanne is diverse, adaptable and luxurious. Our first range, 'Januari Belle', is a collection of original hand-crafted beauties described as "uniquely conceptualized and clearly designed with heart".

Our second range, 'Luca Lola', features carefully curated pieces with an antique air, sourced from Mexico, Asia and Europe.

Not only is our jewellery produced on a small scale, but it is also superior quality. We treat each piece in a special solution to help uphold the integrity of the metals, prevent tarnish, and maintain luminosity.

Cultivated from a vivid 'old meets new' vision, Pamela Jeanne pieces add a touch of decadence and a luxe edge to any look.
